

SIXTH GRADE GENERATION

Parents of Sixth Grade Students:

This year in an effort to continue with the traditional gatherings of the posada and end of year celebrations, we made some important changes. As a general rule, we simplified the parties by making them more casual and age appropriate.

Some of the concerns were that the celebrations were not in accordance to the achievement of our children. As a sixth grader they need to understand that as much as they have worked, the road ahead is long and much higher goals must be reached.

We hope you support our decisions that have been taken in our children behalf.

Following are the events planned for this school year. Only the Awards Ceremony is mandatory and has no cost, the rest is OPTIONAL.
